UPDATE ON THE BUSINESS OF GROUP

FORESTRY BUSINESS

For the six months ended 30 June 2013, the Group's wood product manufacturing and plantation business in Cambodia recorded unaudited revenue of approximately US\$400,000. As disclosed in the Company's announcement dated 3 December 2013, the production of the Group's factory in Cambodia has been suspended until the Group has substantial improvement for its working capital available for the forestry business.

In addition, as detailed in the circular of the Company dated 8 July 2013, the Group would be at risk of having its economic land concessions cancelled by the Cambodian Government without compensation if its plantation commitment for 2013 could not be met. In view of the situation, the Group, in October 2013, signed an agreement with a contractor with plantation experience to manage the field planting of rubber seedlings, and planting work will begin when the Group makes a US\$1 million progress payment to the contractor which amount has yet to be paid. According to the information available to the Group, as at 31 December 2013, the Group was not able to meet its plantation commitment for 2013.

On the other hand, although Mr. Zhang, as both the chief executive officer of the Group and a loan provider to the Group's wood product manufacture and plantation business, indicated in early December 2013 his intention to provide additional funding by early January 2014, no additional funding has been provided as at the date of this announcement. The Company will keep its shareholders updated on this matter.

COAL LOGISTICS AND TRADING BUSINESS

After the completion of disposal of the coal logistics and trading business, the Group will no longer be engaged in such business.

SUSPENSION OF TRADING

At the request of the Company, trading in the securities of the Company on the Stock Exchange has been suspended from 9:00 a.m. on 2 April 2013, and will remain suspended until the fulfillment of the resumption conditions mentioned in the announcement of the Company dated 9 September 2013.
